

DAY 1 THURSDAY, October 5th 2017

09:00-09:45 Registration

09:45-10:00 Welcome Addresses

10:00-11:45 SESSION I: Clinical and Surgical Advances in Dry Eye Syndrome
Chair: Scheffer Tseng

10:00-10:20 **KEYNOTE LECTURE**

Practical algorithms including investigation in Dry Eye
Scheffer Tseng

INVITED LECTURES

10:20-10:30 New and Practical Discoveries in Dry Eye Pathophysiologies
Scheffer Tseng

10:30-10:40 Corneal Neurotization - Restoring corneal sensation in Neuropathic Keratopathy
Raman Malhotra

10:40-10:50 Buccal Mucosal and Minor Salivary Gland Transplantation
Raman Malhotra

10:50-11:00 Fornix Formation and Dry Eye
Scheffer Tseng

11:00-11:20 **FREE PAPERS**

11:00-11:06 Autologous serum eyedrops for severe Corneal Epitheliopathy
Mari Goto

11:07-11:13 Non-invasive evaluation in Dry Eye patients
Azersara Vural

11:14-11:20 Dexamethasone in PVP solutions for Dry Eye
Vladimir Popov

11:20-11:45 *Panel Discussion with the Audience - Controversies and Debates*

12:45-13:00 SESSION II: Lacrimal Disorders and Evaluation
Chair: Hunter Yuen

11:45-11:55 **INVITED LECTURES**

iSUPPLE Lacrimal Surveys
Akshay Nair

11:55-12:05 Practice patterns of EnDCR in Asia pacific countries
Hunter Yuen

DAY 1 THURSDAY, October 5th 2017

- 12:05-12:15 Botulinum Toxin and Epiphora
Swati Singh
- 12:15-12:35 Diagnostic and therapeutic interventional radiology of the lacrimal drainage system
Ulrich Lachmund
- 12:35-12:45 Refractive Surgeries and Dry Eye
Dimitrios Kyrouridis
- 12:45-13:00 *Panel Discussion with the Audience - Controversies and Debates*

13:00-14:00 *Light Lunch*

14:00-15:45 SESSION III: Common Lacrimal Disorders and Surgery

Chairs: Juan Murube, Nikos Trakos

- 14:00-14:20 **INVITED LECTURES**
Tearing due to lower lid laxity
Jeff Hurwitz
- 14:20-14:30 Management of acute dacryocystitis and lacrimal abscess
Hunter Yuen
- 14:30-14:40 Pediatric Acute Dacryocystitis
Javed Ali
- 14:40-14:50 Challenging lacrimal cases
Saurabh Kamal
- 14:50-15:30 **FREE PAPERS**
- 14:50-14:56 Creating a plastic DCR ostium
Nikolay Krakhivetskiy
- 14:57-15:03 Injection of MMC in Endoscopic DCR
Vasily Yartsev
- 15:04-15:10 Simultaneous endoscopic marsupialization in bilateral dacryoceles
Akshay Nair
- 15:10-15:16 Results of Lacrimal Gland botulinum toxin in functional versus non-functional epiphora
Swati Singh
- 15:17-15:23 Perforated punctal plugs in punctal stenosis
Taskiran Comez

DAY 1 THURSDAY, October 5th 2017

- 15:24-15:30 Punctoplasty with MMC in failed perforated plugs in punctal stenosis
Arzou Taskiran Comez
- 15:30-15:45 *Panel Discussion with the Audience - Controversies and Debates*
- 15:45-16:15 *Coffee Break*

16:15-18:00 SESSION IV: Evolving Lacrimal Technologies and Surgeries

Chair: Mohammad Javed Ali

INVITED LECTURES

- 16:15-16:25 Continuously Variable and 3D Operating Endoscopes
Mohammad Javed Ali
- 16:25-16:45 Anatomy and Physiology of the Lacrimal drainage system
Hirohiko Kakizaki
- 16:45-16:55 Diagnostic Dacryoendoscopy
Toru Suzuki
- 16:55-17:05 Therapeutic Dacryoendoscopy
Toru Suzuki
- 17:05-17:45 **FREE PAPERS**
- 17:05-17:11 Lacrimal Clinic: A value added service to patients
Shanta Amrith
- 17:12-17:18 Therapeutic Dacryoendoscopy for Congenital Nasolacrimal Duct Obstruction
Nozomi Matsumura
- 17:19-17:25 Image guided Endoscopic DCR in East Asians
Kana Takahashi
- 17:26-17:32 New classification of congenital lacrimal fistula
Karla Chaloupka
- 17:33-17:39 Cold-plasma jet Nano application for Jones tubes
Yang Seong-Won
- 17:40-17:46 Holimum Laser DCR: the Tuscan experience
Fabrizio Franco
- 17:45-18:00 *Panel Discussion with the Audience - Controversies and Debates*

- 18:00-19:30 *Welcome Cocktail*

DAY 2 FRIDAY, October 6th 2017

09:00-10:45 SESSION V: Basic Sciences related to Lacrimal Drainage System and Common Lacrimal Disorders

Chair: Friedrich Paulsen

09:00-09:20 KEYNOTE LECTURE

Basic Sciences and Lacrimal Drainage System: Where are we? Where we need to go?

Mohammad Javed Ali

INVITED LECTURES

09:20-09:30 Congenital anomalies other than CNLDO

Tim Sullivan

09:30-09:40 New inputs in facial nerve anatomy to explain lagophthalmos after DCR

Ivan Haefliger

09:40-10:00 The human Nasolacrimal ducts: Functional and clinical anatomy

Friedrich Paulsen

10:00-10:20 Ocular surface and surfactant proteins

Lars Brauer

10:20-10:45 *Panel Discussion with the Audience - Controversies and Debates*

10:45-11:15 *Coffee Break*

11:15-13:00 SESSION VI: Thyroid Eye Disease and Lacrimal System

Chair: Raymond Douglas

KEYNOTE LECTURE

11:15-11:35 Overview of Thyroid Eye Disease and Dry Eye

Raymond Douglas

INVITED LECTURES

11:35-11:45 Graves' orbitopathy and backwashes of its surgery on ocular surface

Lelio Baldeschi

11:45-11:55 Lid and orbital disease and backwashes of their surgery on ocular surface

Lelio Baldeschi

11:55-12:05 Radioactive Iodine for Thyroid disorders and SALDO

Mohammad Javed Ali

12:05-12:15 Epiphora and Thyroid eye disease: Is topical cyclosporine the solution?

Gamal Seif

12:15-12:25 Solving pain in Thyroid Eye Disease – the role of Dry Eye

Raymond Douglas

12:25-12:35 The impact of Graves' disease treatment on Dry Eye

Raymond Douglas

DAY 2 FRIDAY, October 6th 2017

12:35-12:50 FREE PAPERS

- 12:35-12:41 Tear cytokines in Graves versus euthyroid
Juri Mandic Jelena
- 12:42-12:48 Morphological characteristics of lacrimal gland in Thyroid Eye Disease
Tatiana Safonova
- 12:50-13:00 *Panel Discussion with the Audience - Controversies and Debates*

13:00-13:20 SATELLITE LECTURE

Addressing the needs of Dry Eye patients. Are all artificial tears the same?
Nikos Trakos

Organized by:  NOVARTIS

13:20-14:00 *Light Lunch*

14:00-16:00 SESSION VII: Lacrimal Disorders and Trauma

Chair: Yasser Khan

KEYNOTE LECTURE

- 14:00-14:20 Overview of Bony and Soft tissue Lacrimal Trauma
Gangadhar Sundar

INVITED LECTURES

- 14:20-14:30 Orbital decompression and lacrimal system injury
Yasser Khan
- 14:30-14:40 Practical diagnosis of a watery eye
Geoffrey Rose
- 14:40-14:50 Technique and Success Rates of TELDR with Silicone Intubation and Balloon Dacryoplasty with Cytopuncture Microbiopsy
Reynaldo Javate
- 14:50-15:00 Definitive surgical treatment of suppurative canaliculitis
Sarah Kaw
- 15:00-15:10 The importance of epiphora evaluation before performing intraocular surgery
Jeff Hurwitz
- 15:10-15:45 FREE PAPERS
- 15:10-15:16 Visual function after lacrimal stents
Tomoyuki Kamao
- 15:17-15:23 Endoscopic DCR with direct endoscope
Kadi Palumaa

DAY 2 FRIDAY, October 6th 2017

- 15:24-15:30 Combined injuries of the lacrimal ducts
Sergey Shkolnik
- 15:31-15:37 Ballon dacryoplasty in tear stenosis
Vasily Yartsev
- 15:38-15:44 Actinomyces canaliculitis: a forgotten disease?
Justyna Klos-Rola
- 15:45-16:00 *Panel Discussion with the Audience - Controversies and Debates*
- 16:00-16:30 *Coffee Break*

16:30-18:00 SESSION VIII: Blepharitis & Dry Eye

Chair: Geoffrey Rose

INVITED LECTURES

- 16:30-16:40 Androgen patch therapy in Dry Eye
Raman Malhotra
- 16:40-16:50 Meibomian Gland inversion: a new entity
Raman Malhotra
- 16:50-17:00 Facial Nerve Palsy and Dry Eye
Tim Sullivan
- 17:00-17:10 Giant Fornix Syndrome
Geoffrey Rose
- 17:10-17:50 **FREE PAPERS**
- 17:10-17:16 Minor salivary gland biopsy and tear function test in Sjogren's Syndrome
Arzu Taskiran Comez
- 17:17-17:23 Radiosurgery for Dry Eye
Sergey Shkolnik
- 17:24-17:30 MGD and demodex parasite
Constantinos Pappas
- 17:31-17:37 Soft contact lenses for saturation with different drugs
Tatiana Safonova
- 17:38-17:44 Laser Doppler flowmetry in Evaporative Dry Eye
Nataliya Kintyukhina
- 17:45-17:51 Dry Eye and Menopause
Ilias Milionis
- 17:50-18:00 *Panel Discussion with the Audience - Controversies and Debates*

18:00-19:00 General Assembly of ISDDE

DAY 3 SATURDAY, October 7th 2017

09:00-10:45 SESSION IX: Lacrimal Disorders and Oncology

Chair: Bitá Esmaeli

KEYNOTE LECTURE

09:00-09:20 Lacrimal Sac Tumors and their Management
Bitá Esmaeli

INVITED LECTURES

09:20-09:30 Chemotherapy and Radiotherapy Induced Lacrimal Obstructions
Bitá Esmaeli

09:30-09:40 Lacrimal Gland Tumors and their Management
Geoffrey Rose

09:40-09:50 Sino-nasal malignancies and lacrimal involvement
Gangadhara Sundar

09:50-10:00 Surgical management of Lacrimal Drainage system tumors
Tim Sullivan

10:00-10:10 Hematogenous malignancies of the lacrimal system
Shivani Gupta

10:10-10:20 The management of punctal plug problems
Jeff Hurwitz

10:20-10:45 *Panel Discussion with the Audience - Controversies and Debates*

10:45-11:15 *Coffee Break*

11:15-13:00 SESSION X: Basics of Lacrimal Surgeries

Chair: Jeff Hurwitz

KEYNOTE LECTURE

11:15-11:35 Medial Canthal Tumors and Lacrimal System
Jeff Hurwitz

KEYNOTE LECTURE

11:35-11:55 The NEED: Endonasal DCR for the 21st Century
Yasser Khan

INVITED LECTURES

11:55-12:15 Tips for a satisfying Local Anaesthesia Ext DCR experience
Jeff Hurwitz

DAY 3 SATURDAY, October 7th 2017

- 12:15-12:30 Transcanalicular Laser DCR
Raoul Henson
- 12:30-12:45 Endoscopic Dacryocystorhinostomy (Endo DCR)
Nikos Trakos
- 12:45-13:00 *Panel Discussion with the Audience - Controversies and Debates*

13:00-14:10 *Light Lunch*

14:10-14:40 SATELLITE SYMPOSIUM DRY EYE AND ANTERIOR SEGMENT

Dry Eye and Ocular Surface
Kostas Boboridis

Meibomian gland dysfunction and Dry Eye
Kostas Boboridis

Organized by:

14:40-16:00 SESSION XI: Advances in Lacrimal Surgeries

Chair: Jane Olver

INVITED LECTURES

- 14:40-14:50 Conjunctivo-DCR and Bypass Tubes
Yasser Khan
- 14:50-15:00 Nasolacrimal duct obstruction as a risk factor for Microbial keratitis:
An Evidence-based Approach
Suryasnata Rath
- 15:00-15:10 Stereotactic Lacrimal Surgeries
Swati Singh
- 15:10-15:20 Tricky situations in Endoscopic DCR: ENT Perspectives
Nishi Gupta
- 15:20-15:30 Revision DCR: Factors to consider
Jane Olver
- 15:30-15:40 Buried Probes in congenital nasolacrimal duct obstructions: ENT perspectives
Nishi Gupta
- 15:40-15:50 Non-Endoscopic DCR: The Indian Perspective
Suryasnata Rath
- 15:50-16:00 *Panel Discussion with the Audience - Controversies and Debates*

16:00-16:30 *Coffee Break*

DAY 3 SATURDAY, October 7th 2017

16:30-17:35 SESSION XII: Challenging Lacrimal Scenarios

Chair: Nikos Trakos

INVITED LECTURES

16:30-16:40 Glaucoma Drugs & Dry Eye

George Magouritsas

Chairs: Christos Kalogeropoulos

16:40-16:55 Rheumatology and Lacrimal System

Georgios Kitas, Sofia Androudi

Chairs: Nikos Trakos

16:55-17:05 Management of Complex Congenital Naso-Lacrimal Duct Obstruction

Saurabh Kamal

17:05-17:35 Controversies and Debates in Lacrimal Disorders

Moderator: **Mohammad Javed Ali**

17:35-17:45 Closing Remarks and announcement of ISDDE Congress 2020

Nikos Trakos
